Intro Stuff

- Course Website: http://oudalab.github.io/cs3113sp20
- We'll get a lot of the test questions before the actual exam (and we'll write some of them)
- We'll have a small assignment due each week (quiz, homework, etc)

Late Policy

- 10% off for assignments that are 24 hours late, won't accept anything later than that

Academic Misconduct

- We can talk about overall structure/ideas for projects and assignments, but we can't describe or show specific code
- Need to cite our sources (even if it was just a discussion)
